TRANSITION - The panelists will look at the social, cultural, and military, impact on us while at Penn and in our early years out of school. It was a transitional time that impacted men and women differently.

SERENDIPITY - we will discuss the role of serendipity as our lives progressed beyond the early years out of Penn.

PENN THEN AND NOW - from the perspective of heavily committed alumni leaders, we will hear about how Penn changed during the past 50 years.
